

**INNODOORS™**  
Doors with a Difference

**BEAUTIFUL OUTSIDE  
SECURE INSIDE**

*Getting back home. Closing the door and feeling finally isolated from the outside world. Feeling that warmth that one has been missing all day, that silence that gives us peace of mind. Feeling protected and safe.*

This is the objective which INNODOORS has targeted to produce and create products in line with the new life styles and capable of integrating in different architectural environments.

INNODOORS has helped to turn the concept of security door, from functional to furnishing item, from a barrier on the outside world to a symbol of style and personality.

At INNODOORS we have a mission to produce technologically innovative products, combining security and design in a wide range of doors and fittings suitable to any furnishing style and home décor.

**Because these are the values that make us unique, just as you are.**

#### **Eco Friendly:**

INNODOORS are Eco-Friendly as they do not use wood for manufacturing. This in turn saves trees and helps protect the environment

#### **Strength of Steel:**

INNODOORS are fabricated with specially treated steel to ensure optimum safety & durability with high impact resistance

#### **Rust Proof:**

INNODOORS are given three stage anti rust coating which ensures superior moisture resistance & a rust free life

#### **Termite Proof:**

INNODOORS are termite resistant and do not suffer any problems which is common with wooden doors

# INNODOORS STRUCTURE

## DOOR PANEL

High quality Veneered appearance by 'HEAT TRANSFER PRINTING' technology.

## MULTI-LAYERED DOOR FRAME

Multi-layer door frame offers superior durability, strength and maximum protection for you and your family against any forced intrusion and external agents like heat and cold.

## 4-IN-1 LOCKING SYSTEM

High quality burglar proof lock with 4 point locking system makes it practically impossible for burglars to break into your house.

## HI-TECH HINGES

New style hinges ensure free movement of the door as well as reinforce the promise of durability.

## LONG LASTING DOOR SILL

Stainless steel door sill made up of 100% superior quality steel, lends strength and longevity to the door and protects it from corrosion even under prolonged severe conditions.

## DURABLE HANDLE

Durable handle endures any prolonged wear and tear.
